LAKE CHAPALA, the largest natural lake in Mexico, is home to the world's largest English-Speaking community of expatriates, many of them originally from the U.S. or Canada. This directory serves that community, as well as the many English-speaking tourists who visit the region every year.

A number of factors attract foreigners to the area: excellent climate, natural beauty, reasonable cost of living, and friendly people. All of the components for a comfortable lifestyle are available here, or within a short drive. The ads in this book illustrate those amenities.

Arguably the principal attraction to Lake Chapala is its semitropical climate, rated among the best in the world. At about 5,000 feet above sea level, with

The Lakeside area is shared by vehicles, bicycles, golf carts, horses, burros, boats and wildlife.

an average temperature of 75° Fahrenheit, the sun shines almost every day. Even when the cooling rains come (June to September), it almost always rains during the late-night or pre-dawn hours, with the sunshine returning during the day.

Fireplaces are common, although mostly for ambiance. So moderate is the temperature that air conditioning and heating units are rarely seen.

Mexicans and foreigners alike enjoy the area's colonial architecture, reasonably priced hand-crafted goods, and an abundance of both traditional Mexican or international cuisine.

Unlike many areas of Mexico, a number of amenities are readily available here due to the large foreign community in residence. International ethnic restaurants, steak houses, and imported goods of all varieties can be found. Two- to five-star hotels, spas, touring companies, and scores of English-speaking organizations serve the year-round residents, the snowbirds (northerners who winter here) and tourists.

Over the past years, the Jalisco State government has invested greatly in improvements to populated area, such as the renovation of the old train depot, parks, bike lanes, and the Chapala and Ajijic boardwalks.

Many of the small pueblos along the lakeshore offer diversion, and an endless selection of art, clothing, handcrafted furniture, jewelry, decorative items, etc.

HISTORY & CULTURE

Two islands are found in Lake Chapala. One of these, Scorpion Island, is a sacred site for indigenous Mexicans. The other, Mezcala, is a national monument and the site of a glorious episode

The Ajijic plaza, a gathering place for everyone.

Horses and burros are a relatively common sight.

A colorful stone mosaic in the Ajijic plaza, designed by Ajijic artisan Federico Enciso (shown at left) is an amazing reflection of the artistic talent in the Lakeside community. Its design reflects Mexico's Aztec and Mayan history.

in Mexican history.

In the early 1800's, from their stronghold on the island, a very determined band of 1000 Mexican insurgents — grossly outnumbered and with little or no arms and supplies—held off the powerful Spanish army and navy for four years. Eventually defeated by typhoid and dysentery rather than force of arms, the freedom fighters' brave resistance is said to have inspired Mexico's independence in 1821, ending 300 years of colonial rule

Just before the start of the 20th century, tourists discovered the sleepy little fishing village of Chapala and a small building boom began. D.H. Lawrence wrote his novel The Plumed Serpent while living in Chapala. The novel is set on Sayula Lake, although the description is clearly that of Chapala town and lake.

CONDITION OF THE LAKE

In the early 1990s, with the construction of numerous dams and an increasing demand for water for industry and farming, a tug-of-war over rights to Lake Chapala and its water supply began. As a result, the lake level dropped to a critical stage and received worldwide attention.

In 2003, Lake Chapala was accepted as a full member of the Global Nature Fund's Living Lakes program, which works to protect and preserve endangered lakes of the world, such as Lake Chapala.

Unusually abundant rainy seasons in recent years, 2018 in particular, combined with upstream dams being filled and thus forced to release excess water, have restored the lake level, bringing a flood of tourists back to the area.

In early 2009, Lake Chapala was added to the international list of important wetlands by the Ramsar Treaty. Enlistees of agree to conserve and protect natural wetland areas which provide waterfowl habitat, such as Lake Chapala. The move is helping check environmental degradation of the lake.

Although the lake has been between 60%-80% full since 2004, misconceptions that the lake is drying up and dying persist to this day. Actually it is

healthier than most people realize. The lake has been approved for recreational use since 2008.

A detailed "State of the Lake" article can be found on the webs site BestofLakeChapala.com.

LAKESIDE TOWNS

Chapala

The county seat in the central northshore area, Chapala offers several parks, the recently rennovated boardwalk (malecón), an American Legion facility, and the largest tianguis (outdoor market) in the area. Although several satellite subdivisions around Chapala are almost exclusively expatriate, the town itself is mostly populated by native Mexicans who graciously accept the foreign community.

San Nicolas - Mezcala

East of Chapala lies several small pueblos, including San Nicolas and Mezcala, as well as the Vista del Lago subdivision, country club and golf course.

A full-scale restoration project on Lake Chapala's Mezcala Island is in progress. The town offers a new museum and boardwalk as part of plans to turn the town and island into an important heritage site and tourist attraction.

Ajijic - Pueblo Mágico

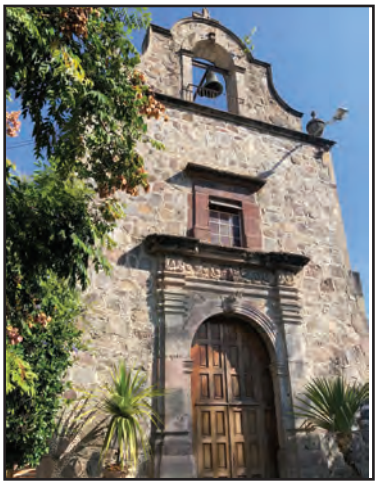

A few miles west of Chapala lies the town of Ajijic, recently designated a ***Pueblo Magico*** (See feature in this issue). Ajijic is home to the area's largest English-speaking population. Many are retired, although the number of younger expatriate couples and families moving here is increasing.

The town is known for its foreign artists and writers who have found Ajijic to be the perfect place to pursue their work.

The town possesses numerous villas and luxury homes with every modern convenience, Many elegant hotels, spas, B&Bs, a water park and ethnic restaurants are located here, with the Lake Chapala Society forming a hub of activity for English-speakers.

San Antonio Tlayacapan

Just east of Ajijic is the town of San Antonio Tlay, with a

mostly-Mexican population of approximately 4,500. A lovely plaza and an outdoor auditorium are found here, in addition to a bustling commercial center on the highway through the town. The subdivision and golf course of Chula Vista lies between San Antonio and Chapala.

San Juan Cosalá

Heading west along the highway past Ajijic, one finds the small town of San Juan Cosalá, famous for it thermal water Balneario (pools and bathouse). On the outskirts of the town is a historic cluster of seafood restaurants called Piedra Barrenada.

Above the town of San Juan Cosalá lies the Raquet Club, an upscale development that offers spectacular views and amenities.

Jocotepec

On the westernmost shores of Lake Chapala is the thriving town of Jocotepec. An increasing number of foreigners seeking economical rent and friendly people are making Jocotepec their home.

Although Jocotepec is further from Ajijic (center of the foreign community), the town is laid-back, yet still progressive, offering a cultural center, library, malecón, ecological park, and bandstand in the plaza. Motorcycles, scooters and 4-wheelers are a very common mode of transportation in Jocotepec. Additionally, a bypass allowing quicker access around Jocotepec and on to Guadalajara was recently completed.

Ixtlahuacán de los Membrillos

North of Chapala is the up-and-coming town of Ixtlahuacán.. Located midway between Guadalajara and Ajijic, the town is attracting an increasing number of expatriates.

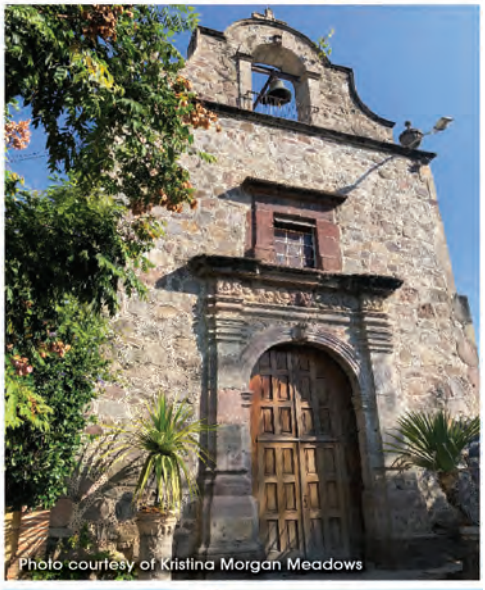

Across the highway from a newly constructed town entrance are stands selling delicious wines, jellies and other products made from the tart apple-like *membrillo* (or quince), the town's namesake.

Ajijic granted prestigious Pueblos Mágicos status

The Lakeside Chapala town of Ajijic was recently named one of nine Pueblos Magicos (Magical Towns) in the state of Jalisco and one of 131 across Mexico. The Pueblos Magicos program seeks to spotlight, promote and improve the country's brighest and most unique destinations for national and foreign visitors.

The announcement was made in Mexico City on Dec. 1, 2020, by the federal Tourism Secretariat following a third try by Ajijic to obtain the coveted designation.

The Pueblos Mágicos designation brings access to funds for infrastructure improvements and promotion of tourism events and venues.

Acceptance into the Pueblos Mágicos program is based on evaluations of a town's role in the nation's history, its arthitecture, culture and traditions, festivals, gastronomy, natural beauty, hospitality of its people and its contribution to ecotourism.

Tips for Newcomers

Tip Number 1:

The English-speaking community at Lake Chapala has an unrivaled grapevine; take advantage of it!! Word-of-mouth has always been especially useful and extensive here, and with a new bevy of internet web boards, blog sites and forums, there is little you cannot find out online or from friends. You may want to take what you hear with a grain of salt, but you can certainly find opinions and advice on just about every subject imaginable.

Tip Number 2:

Make life easier by taking advantage of payment options. Many utility and service payments — such as electricity (billed every two months), telephone, cable or satellite TV (billed monthly), etc. — can be made at local stores such as Oxxo, Soriana or Walmart. In addition, some local banks will automatically deduct the amount from your account and pay your bills when they come due. Also, a very limited number of places in Mexico can accept your credit card, so be prepared to pay cash for most transactions.

Tip Number 3:

Explore your surroundings! Although it helps to know at least a smattering of Spanish, our Mexican hosts are usually quite gracious and friendly. Do not assume they speak no English; a large number of them speak at least *some* English. Common courtesy is always a must, and a good place to begin is at the weekly Street Market (*Tianguis*) and weekly Farmers' Markets. Here is the schedule...

Street Market Schedule*

*** All 8 a.m. - 3 p.m.**

Ajijic:	**Wednesdays, east side of Plaza Bugambilias**
Chapala:	**Mondays, Alvaro Obregón across from Pemex**
Ixtlahuacan:	**Sundays, Ramón Corona off 16 de Sept.**
Jocotepec:	**Thursdays, one block west of town plaza**

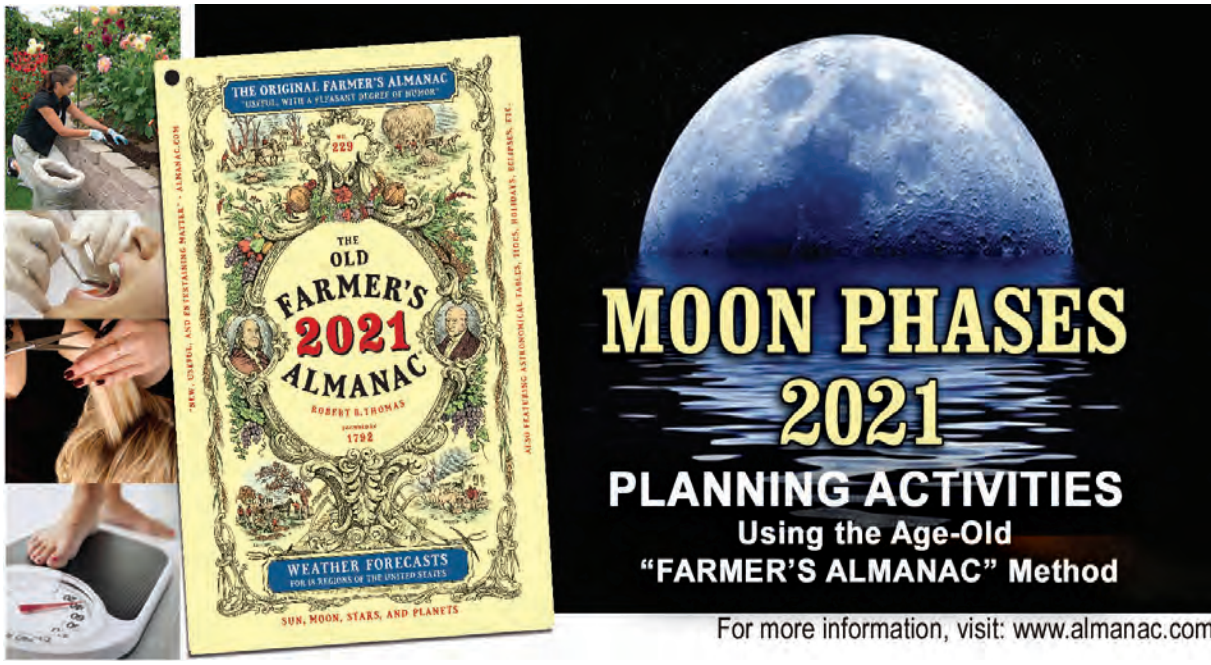

Farmers' Market Schedule

All subject to change, so watch for announcements online for Farmer's Markets at Pancho/s Deli Market, Smoke House Restaurant, Sunrise Restaurant, and La Huerta de Serna

Tip Number 4:

Use common sense. Anywhere in the world, it is inadvisable to flash your money or expensive jewelry around, fail to lock your home or car doors, open your door to strangers, etc., and Mexico is no different. In the unlikely event you should find yourself the victim of a crime, please *report it!* Contact the municipal police and go to the *presidencia* near the Chapala *malecón*. It is helpful to bring a translator if you do not speak Spanish.

Publisher's Note: The Chapala Directory was created to fill a need for a user-friendly and comprehensive reference for the English-speaking public living or visiting here. We strive to improve the directories with each printing, and rely on reader feedback to guide our efforts. We invite you to submit your listings and suggestions to: **ImagenMxPublicidad@gmail.com**.

Many "home remedies" have been verified as having a sound scientific basis, and there is substantial empirical evidence of the moon's effect on the earth, nature, and humans. Ocean tides, migrations, planting, harvesting, crime rates, violence, birth and death rates, and surgical complications have been proven to be affected by the moon. Also well-documented are changes provoked by the moon in weather, animals, the mentally ill, mentally retarded, young children, and emotionally sensitive people.

All the moon's possible effects are complex, and include much more than the phases (quarters). To keep things simple, we're going to cover the four seven-day phases of the moon and their effects. If you're interested in knowing more, a good place to start is with the web site of Llewellyn Worldwide® at www.llewellyn.com. Here's some basic information about each quarter of the moon. The phases are marked on our calendar.

The First Quarter *begins* with the This is a time for beginnings and growth, and for drawing things to you. Things tend to "pull together". It's the most propitious time for seeds – and ideas – to germinate.

This quarter is favorable for putting permanent waves in hair; cutting or trimming hair to increase its thickness; mowing lawns or pruning plants to increase growth; starting construction; and starting medical treatments. To reduce the risk of hemorrhage with surgery, if possible schedule it within one week before or after a New Moon. After the New Moon–in the first quarter–healing is faster.

A good time to finalize plans is toward the end of this quarter. Shingles laid during the New Moon will curl at the edges; also, do not paint any thing near the New Moon.

The Second Quarter begins approximately seven days into the lunar cycle, and ends with the Full Moon. This quarter signifies growth, development, and expression of things already in existence. It's a good time to add to projects or concentrate on completing those taking shape. It's also favorable for selling animals; buying or sewing clothing; designing, repairing; having dental work done; having eyes tested, glasses fitted, or beginning eye treatments; lending money; beginning legal matters (but not court dates); making a will; beginning a romance; getting married; trimming hair to increase growth and thickness; mowing lawns to increase growth and thickness; and hiring staff.

The Third Quarter begins with the Full Moon, the time for completion, illumination, restlessness.

This quarter is favorable for pouring concrete; canning and making jelly and preserves; transplanting; weeding gardens; filling teeth; fitting and making dentures; harvesting crops, especially grain for storage; drying food or crops; asking for a loan; buying goods; trimming hair to slow growth; mowing lawns and pruning plants to slow growth; pruning fruit trees, bushes, and vines to promote better fruit; building a roof; ending relationships; firing staff (but not on day of Full Moon); brewing; and starting a diet to lose weight.

The best sauerkraut is made just after the Full Moon. Mushrooms should be gathered at the Full Moon. The day after the Full Moon is the best time of any month for fishing.

Avoid the Full Moon for having teeth removed, or breeding animals. Avoid the week before and the week after the Full Moon for spaying, neutering, or de-clawing animals.

The Fourth Quarter begins around the 21st day of the lunar cycle. This is a time of disintegration, drawing back for reorganizing, reflection on what has passed, and clearing out and ridding your self of what is no longer needed or wanted. It's time to make room for the new coming in with the next lunar cycle.

This quarter is good for brewing; canning, making preserves and jellies; cultivating to prepare for planting at the New Moon; starting compost; using organic fertilizers (like compost); breaking bad habits; stopping smoking; ending bad relationships; harvesting crops; spraying and weeding; borrowing money; cutting hair to slow growth; pruning and mowing to decrease growth; building a roof; firing staff; and starting a diet to lose weight.

How to use your Chapala Directory

The Chapala (Lakeside) Directory contains three basic sections:

1. **INTRODUCTORY SECTION:** Contains emergency numbers, ads, area Information for residents and tourists, metric conversion tables, moon phases, Lakeside special events, and area street maps.

2. **RESIDENTIAL LISTINGS SECTION:** In this section, find calendars, dialing information (shown below) an alphabetized list of area residents, their personal phone numbers and optional email address. For confidentiality and security reasons, addresses are NOT included.

3. **YELLOW PAGES:** The business section (Yellow Pages) begins with an Index to alphabetized categories, an index by business name, and most often used categories in Spanish-English. For ease of reference for the reader, some cross-references by category are provided.

Dialing Information

IMPORTANT NOTICE: In 2019, the dialing rules in Mexico changed in order to simplify the complicated system that was in place. The most important change that was made is that service prefixes such as (01) or (045) or (044) are no longer needed.

The protocol is now similar to the dialing in the US and Canada. As in Canada and the U.S., **all numbers in Mexico have a 3-digit area code, followed by a 7-digit local number.**

- **Dialing ANY phone number within Mexico** — whether local. long-distance, land line or cell phone now requires only the input of 10 digits.

- **International Calls to Mexico:** The (1) previously used to call a Mexican number from abroad is n o longer needed. The only thing that is needed now is the country code (+52). The formats to call from abroad are:
  - Landline: 52 + city code + local number
  - Mobile phone: 52 + local 10 digit number

- **International Calls from Mexico:** To call abroad from Mexico, dial (1) + area code and 7-digit number.

- **Toll-Free Dialing:** To call a toll-free 800 or 900 number, dial the 10-digit number. It may also be possible to reach a US 800 number using the prefix 880, or 881 for US 888, 882 for US 877, or 833 for US 866. However these calls carry a fee (less than the normal LD rate to the US).

- **Operator Assistance:** Call 040 or 800-123-2223 if you need assistance calling within Mexico. Call 090 if you need assistance for international calls, and 800-368-0500 for an English-speaking operator.

- **Emergencies:** Call 911, as in U.S., Canada and many other countries.

- **City / Area Codes are:** 376 in the Ajijic-Chapala Area, or 387 in the Jocotepec-San Juan Cosalá area. The area code for the Guadalajara Metropolitan area is 33.

- **Lakeside Prefixes are:**

Ajijic & San Antonio Tlay	766 or 106
Chapala & Riberas del Pilar	765 or 106
Ixtlahuacan dlm	762 or 103
Jocotepec	763 or 764
San Juan Cosalá	761 or 764
San Nicolas & Vista del Lago	763

FAQ

Q: Why are addresses NOT included in the Chapala Directory?

A. *Security reasons! This is a PUBLIC directory. A burgler could sit outside your home, and with a quick phone call know if you are home or not.*

DEL LAGO, A.C.
Since 1974

Giving Medically Challenged Children the Opportunity They Need

Niños Incapacitados is a not-for-profit, all-volunteer organization that helps Mexican families who require financial assistance, to pay for ongoing and/or major medical expenses for their children who have serious disabilities or life threatening illnesses.

Approximately 96% of all money received or raised through fundraising goes directly to the children.

To donate, sponsor, volunteer or obtain more information, visit our web site at:

Villa Infantil
A Home for Children

The Villa Infantil de Nuestra Señora de Guadalupe y San José, A.C. is an orphanage at Lake Chapala that cares for very young children found abandoned on the streets of Guadalajara.

The focus of our group is education of the children and support for their health and welfare. We receive NO funding from the state or federal government; we depend entirely on private donors, sponsors and fundraisers to provide the needed financing for the family at the Villa.

We welcome all who wish to help. We know that all gifts are important no matter the size. Whether you wish to spend an hour visiting at the Villa, donate your time, a meal, or a monetary gift, all are accepted with gratitude.

Visit our website at FriendsOfVillaInfantil.org or give direct to our cause through lakechapalacharities.org and receive a tax deduction on the amount you give.

Medical Assistance *still needed to*

For 27 years, Carolina "Caro" Lopez has endured increasing pain and immobility from a tragic childhood bicycle accident. Doctors did their best to treat her severe injury, but the bones healed improperly and misaligned.

The accident left Caro with debilitating and steadily increasing pain and severe mobility limitations. Over the decades, Caro struggled to lead a normal life, but in recent years had become crippled by the pain of progressive deterioration and was no longer able to work. Having no family support, this bright and outgoing young woman was being cared for by friends and her future looked dim.

When the pain became excruciating, surgeons told Caro she needed two total hip replacements (one of them expecially complex) and knee surgery. At Guadalajara's Hospital Civil, the expenses would be reduced, but Caro would have to cover the cost of the prosthetic hip devices and a host of other miscellaneous expenses.

Last year, thanks to the Help Caro to Walk fundraising campaign initiated by Imagen, publishers of this directory,

The Termal Cosalá Hotel and Spa in San Juan Cosalá has been generously donating their facility and services for Caro's therapeutic rehabilitation.

Help Caro to Walk

and local resident Bob Foster, Caro received the first of the two hip implants needed to relieve her pain and help her walk. Although it was a very difficult surgery with complications and a lengthy recovery period, Caro is now walking with the aid of a walker and undergoing therapeutic water rehabilitation thanks to the generosity of the Termal Cosalá Hotel and Spa in San Juan Cosalá.

UPDATED

However, as welcome and invaluable as this surgery was, it was only a partial fix. After bearing the brunt of weight and movement during recovery from the first surgery, the other hip has now deteriorated even more. So while the pain from the replaced hip is steadily diminishing, pain from the other hip is increasing and it needs to be replaced as soon as possible. The prosthesis alone is more than $50,000 pesos, which Caro still does not have.

During her recovery time, she has been taking classes in hopes of learning a profession that will require minimal physical stress. But, because of the increased reliance on the other hip during her lengthy recovery, she can no longer sit due to the pain. In summary, she needs the second hip replacement as soon as possible so that she can support herself. Also she needs to cover living expenses until she is "on her feet," so to speak, and able to work.

The pandemic crisis has halted typical fundraising efforts, but with your generous help, this positive, bright and outgoing young woman can have the mobility and pain-free life she so very much deserves.

Donations to assist Carolina will be gratefully received via:

It's Kinda BAZAAR . . . and kinda not

To Help Caro to Walk, donations of cash or saleable items in good, clean condition are being collected by this not-for-profit organization in Riberas del Pilar.

For the Help Caro to Walk campaign, a full 100% of sales proceeds will be contributed to help fund Carolina's surgeries and ongoing medical expenses. Just be sure to specify that the donation is to Help Caro to Walk. Please contact It's Kinda Bazar in advance at 331-877-5410 to make sure they have adequate space for large donations such as furniture.

Founded by Andrea Miller and a group of like-minded volunteers, the bazaar is open 10-3, Tuesday-Saturday (closed Sunday-Monday).

Delighting audiences since 1965!

LAKESIDE LITTLE THEATRE

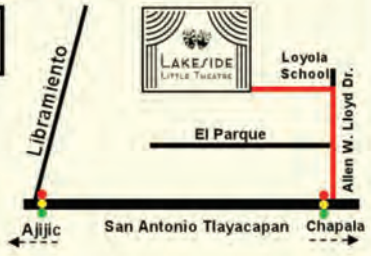

Lakeside Little Theatre is Lakeside's original community theatre. We are proud to offer high-production value live theatre each year throughout our **MainStage** season. Via our **Playhouse**, we have been providing our audiences with high-definition National Theatre Live productions for the last six years. In 2020, we initiated another **Playhouse** offering, Ajijic Readers Theatre (ART) at LLT. These monthly outdoor (all-matinée) readings of well-known & newer plays provide our patrons with much-sought-after live entertainment, and relief from the challenges of COVID-19. We invite you to participate and attend!
